

	Nomenclature	P/N	Description	Unit Price (USD)
1.	PDL Break Out Box (BOB)	31700-1	Test equipment that provides access to all PDL I/O signals and power by bringing the connections out to banana jacks. Includes a 5 ft PDL-to-BOB test cable and loop back adapter to perform a complete self-test.	Call for Price
2.	PDL Flip Chart	31207-2	Provides quick reference user information regarding Floppy, MSD, and Loadstar operations, Attaches to the PDL unit. Laminated	\$50
3.	PDL ARINC 615 Load Cable	31500-4	ARINC 615 loading Cable (53-pin connector), 10 ft.	\$ 1,000
4.	PDL ARINC 603 Adapter Cable	31505-4	Used with ARINC 615 cable (31500-4) to provide the interface to ARINC 603 compatible equipment (31-pin Connector) 1 ft.	\$525
5.	PDL ARINC 603 Load Cable	31506-1	ARINC 603 loading cable (31 pin connector) Connects directly to the PDL without the need for the ARINC 615 (31500-4) cable, 10 Ft.	\$ 900
6.	PDL FDAMS DFDAU Load Cable	31507-1	Used to support loading of Honeywell FDAMS DFDAU. 10 ft.	\$ 1,000
7.	PDL DMU Load Cable	31508-1	Used to support loading Honeywell DMU. 10 ft.	\$ 1,650
8.	PDL ACARS Load Cable	31509-1	Used to support loading Collins' DLM-900 ACARS/CMU. 15 ft.	\$ 1,000
9.	PDL LTN-92 Load Cable	31510-1	Used to support Northrop's LTN-92 Navigation Database loading (Custom and World Wide Databases). 10 ft	\$ 1,000
10.	Airbus FMS (Honeywell) Adapter Cable	31514-1	Used with ARINC 615 cable (31500-4) to provide the loading interface to Airbus A300-600 and A310 FMS.	\$ 1,000
11.	PDL to L1011 FMS Load Cable	31516-1	Loading cable used to support loading an L1011 Hamilton Standard FMS via Qantex mode.	\$ 2,530
12.	PDL Wrap-Around Test Cable	31521-1	Used to perform a complete self-test on the PDL.	\$ 400
13.	Airbus ATSU Adapter Cable	31523-1	Used with ARINC 615 cable (31500-4) to provide interface to the Intertechnique ATSU for A3xx. 1 ft	\$ 750
14.	ADL to PDL Adapter Cable	31530-2	Used with ARINC 615 cable (31500-4) to connect a PDL to Aircraft equipped with (wired for) an Airborne Data Loader. 1 ft	\$1,700
15.	PDL to Collins HGS-4000 HUD	31535-1	Loading cable to support Rockwell Collins' HGS 4000 Heads-Up Display. 10 ft.	\$1,000
16.	PDL to Rolls Royce BR-715 Loading Cable	31536-1	Loading cable used to support the FADEC on Rolls Royce BR-715 Aircraft engines. 10 ft	\$2,800
17.	PDL Operations Manual	31200, Rev C	Provides overview of PDL unit and user interface. Includes instructions for basic 615 loading function (Hard Copy)	\$100
18.	PDL Service Manual (Rev A)	31280, Rev A	Provides detailed information to repair the PDL unit. Includes Parts List, Schematics, Disassembly and Reassembly instructions.	\$150
19.	PDL Maintenance Disks (Qty 5)	32020-1	Used while executing the PDL self-test to verify operation (Read/Write) of the floppy drive	\$100
20.	PDL RJ-45 Ethernet Adapter	32065-2	Adapts a standard Ethernet RJ-45 to custom DB-25 (PDL FP-J2). Provides Ethernet interface to the PDL MSD (Mass Storage Device) Using Loadstar TV.	\$100
21.	Loadstar TV (Terminal Version)	59718	LSAP (Loadable Software Airplane Part) Management Tool. Creates software libraries for aircraft configuration control (by Aircraft type or Tail Number), then moves those libraries to the internal MSD (Mass Storage Device) on the PDL-615/MSD. Note: This software is only compatible with Rev C & Rev D PDL units	\$ 2,000
